Summary

I am a dedicated graduate with strong organizational and logistical skills. I have always had an interest in working with computers whether it's trying to find out how software programmes work or breaking down my pc to find out how It functions on a component level. Furthermore, I completed a digital skills bootcamp at JustIT, where I gained proficiency in python, HTML, CSS, Java scripts and MySQL, through Multiple Hands-on projects.

In addition, I attend another bootcamp with Games Academy where I was able to learn the fundamentals of IT and gaming while also working with multiple different groups to work on separate projects or presentations about specific topics, while my time at working at NHS and BROWN AND ILLINGWORTH allowed me to develop and hone my planning and workmanship skills alongside being able to work independently and manage deadlines while collaborating with colleagues. I also completed a university course in clinical technology, deepening my understanding of science and technology.

Key Skills

Achievements

- Created a python RPG game utilizing python, improving my problem solving and debugging skills with python.
- Created a calculator and a weather forecaster utilizing Java scripts, HTML and CCS to enhance front-end development skills.

- Took part in a group project that involved creating a school database using MySQL improving my teamwork and database knowledge.

- Had a chance of playtest a game: **Wyrd Waters**

Technical Skills

- Coding
- Web development
- Programming language: python, HTML, CSS, Java scripts and MySQL
- Computer literacy
- Debugging

Soft Skills

- Resourceful
- Willing to learn
- Commitment
- Team player
- Respectable
- Problem solver
- Independent worker
- Adaptable
- Quick learner

Employment History

12/22-01/24   **Domestic Assistant**
NHS, Newcastle upon Tyne
As a Domestic Assistant I was to Perform number of tasks such as:
- Cleaning on different areas of the hospitals such as wards, departments, operating theatres, laboratories, corridor, catering area, office or residential accommodation.
- Take out/change bins
- Refill soap and toilet paper dispensers
- On occasion help with serving patients food and water
- Washing dishes
- Assisting with other domestics throughout the day
- working independently while being able to work under specific deadlines strict or otherwise

07/15-07/15   **Porter**
BROWN AND ILLINGWORTH, Newcastle upon Tyne
It was part of a week-long student job experience program offered by my secondary school duties including:
- Logistics & scheduling management
- House-keeping,
- Moving small/medium and large objects from one location to another whilst being on my feet,
- Following clear and precise instructions,
- Dealing with customers and adhering to health and safety protocol

After week my supervisors dubbed my performance as **"a great asset"** to my school teachers.

Interests, Hobbies

Coding: I am passionate about coding and problem solving. I am actively working and improving on my coding projects as I am aiming to test and improve my skills on other coding languages.
Gaming: In my spare time I like to play video games, the genre usually varies but I do favour role playing games.
Reading and Writing: I read from all media books, comics and manga's books, both physical books or online. From time to time, I write notes in a notebook on the kind of issues I find interesting, putting my worldbuilding thoughts on paper.
